

PT30 International Patent Preparation Code Set

Provisional, non-provisional, and design application preparation, plant and validation patent and continuing application preparation for international patents.

- PT30.10 [Provisional Application Preparation - International](#)
Completing a provisional patent application that is to be filed outside the ('domestic') home country or region of the applicant, including translations, review of invention disclosure materials and prior art, interviews with the inventors, drafting and revision of application, preparation and execution of formal documentation (such as assignments, transmittals, and biological deposits), filing of application, and reporting to the client.
- PT30.15 [Non-Provisional Application Preparation - International](#)
Completing a non-provisional, utility or utility model (but not design or provisional) patent application that is to be filed outside the ('domestic') home country or region of the applicant, including translations, review of any invention disclosure materials or parent applications, drafting of application (including pre-filing revision of parent applications), preparation and execution of formal documents (such as assignments, declarations, information disclosure statements, transmittals, and biological deposits) filing of application, and reporting to the client.
- PT30.20 ["Design Application Preparation - International"](#)
Completing a design patent (but not utility or utility model) applications or design registration applications that are to be filed outside the ('domestic') home country or region of the applicant, including translations, review of any invention disclosure materials or parent applications, drafting of application including pre-filing revision of parent applications, preparation and execution of formal documents (such as assignments, declarations, information disclosure statements, and transmittals) filing of application, and reporting to the client.
- PT30.25 [Plant Patent Preparation - International](#)
Completing plant patent applications that are to be filed outside the ('domestic') home country or region of the applicant, including translations, review of any invention disclosure materials or parent applications, drafting of application including pre-filing revision of parent applications, preparation and execution of formal documents (such as assignments, declarations, information disclosure statements, transmittals, and biological deposits) filing of application, and reporting to the client.

- PT30.30 [Continuing Application Preparation - International](#)
Completing a continuing patent application (claiming priority to an earlier-filed application in the same country, but without adding new disclosure) that are to be filed outside the ('domestic') home country or region of the applicant, including translations, review of any invention disclosure materials or parent applications, drafting of application including pre-filing revision of any parent applications, preparation and execution of formal documents (such as assignments, declarations, information disclosure statements, transmittals, and biological deposits) filing of application, and reporting to the client.
- PT30.35 [Validation Patent Application Preparation - International](#)
The preparation and filing of applications for validation of an issued regional patent outside of the ('domestic') home country of the applicant.
- PT30.40 [Other Patent Application Preparation - International](#)
Preparation activities in connection with patent applications that are to be filed outside the ('domestic') home country or region of the applicant, and that cannot be included under another category.
